

P1S – LDPE Coated 1-Side, Paper Cup Stock

This paperboard offers poly coating on 1 side and an uncoated matte finish for cups and containers-primarily those being used for hot beverages or food. This paperboard is commonly referred to as “Paper Hot Cup”. In addition to being great for all types of coffee & other hot beverages, wet & dry food packaging, Oatmeal, and serving cups of all kinds, this material can also be used in various microwave applications. For all uses, extensive user testing is always recommended.

Produced using 100% virgin fiber, paper cold cup stock provides purity and cleanliness that is unmatched in the industry. Our natural wood fiber is a renewable resource that can be easily recycled and comes with FSC or SFI chain-of-custody certification ensuring the fiber used was harvested from sustainable, well-managed forests. Paper Cold Paperboard is C2S – LDPE coated paper cup stock.

Certifications

Manufacturing

- ISO 9001:2015 certification number QSR-249

Fiber Procurement and Chain-of-Custody

- FSC chain-of custody and controlled wood standards: SA-CW-012976
- SFI fiber sourcing, chain-of-custody, and product labeling certification NSF-SFI-COC-C0035688
- PEFC chain-of-custody NSF-PEFC-COC-0035688

Food Contact

- USFDA 21 CFR §176.170 — Contact with Aqueous & Fatty Foods
- USFDA 21 CFR §176.180 — Contact with dry food & food types III, IV-A, V, VII-A, VIII and IX
- USFDA 21 CFR §176.260 – use of reclaimed fiber from manufacturer process
- USFDA 21 CFR §176.109.30a(9) – PCB content limits to 10 parts per million (ppm)
- Kosher pareve and IFANCA Halal compliant
- ISEGA compliance – Commission regulation (EU) NO 10/2011 and regulation (EC) No 1935/2004 of the European Parliament. Directives 80/590/EEC and 89/109/EEC on food contact.

Health and Safety - As applicable, to the extent used as intended, complies with:

- Certified by AIB International under FSSC 22000 for FSSC I Packaging for food or feed industry
- U.S. California Proposition 65 Compliant
- CONEG Model Heavy Metal and Toxics in Packaging requirements
- Elemental Chlorine Free (ECF) Bleached Fiber
- RoHS Compliant (Restriction of Hazardous Substances) compliant
- European Chemicals Agency (ECHA) Candidate List of SVHC

Caliper

- 0.018 - 0.015 inches

P2S – LDPE Coated 2-Sides, PCF Paper Cup Stock

This paperboard offers poly coating on 2 sides and is commonly referred to as “Paper Cold Cup”. In addition to being great for all types of beverages, wet & dry food packaging, ice cream, and serving cups of all kinds, this material can also be used in various microwave applications. For all uses, extensive user testing is always recommended.

Produced using up to 35% Post Consumer Fiber, coated paper cold cup-stock provides purity and cleanliness that is unmatched in the industry. Our multi-ply fiber blending technology optimizes strength and stretch for consistent forming while ensuring a dependably smooth print surface for the most demanding design applications. Our natural wood fiber is a renewable resource that can be easily recycled and comes with FSC & SFI chain-of-custody certification ensuring the fiber used was harvested from sustainable, well-managed forests.
