

Paper Cold Paperboard

Visstun's Paper Cold Paperboard offers a coated finish for cups and containers primarily those being used for cold beverages or food.

Produced using up to 35% Post Consumer Fiber, coated paper cold cup-stock provides purity and cleanliness that is unmatched in the industry. Our multi-ply fiber blending technology optimizes strength and stretch for consistent forming while ensuring a dependably smooth print surface for the most demanding design applications. Our natural wood fiber is a renewable resource that can be easily recycled and comes with FSC & SFI chain-of-custody certification ensuring the fiber used was harvested from sustainable, well-managed forests. Paper Cold Paperboard is C2S – LDPE coated paper cup stock.
