

Visually Stunning Sustainable Cups

## Plastic Free Aqueous Dispersion Coated 2-Sides, Paper Cup Stock

This paperboard offers a plastic free aqueous dispersion coating on 2 sides and is commonly referred to as “Vanish™”. In addition to being great for beverages and food packaging, it can also be used as a serving cup. Visstun recommends extensive user testing to assure this paperboard works for the application it is being considered for.

Vanish™ material is produced using virgin fiber. This natural wood fiber is a renewable resource that can be easily recycled and comes with PEFC & SFI chain-of-custody certifications ensuring the fiber used was harvested from sustainable, well-managed forests.
